

Music Director

Tzu-Hsuan Chou holds a Bachelor of Music degree (with Honours) from Royal Academy of Music majoring in piano performance with Colin Stone, and a Masters of Performance degree from the Royal Northern College of Music. Although she specialises in piano and violin performance, her domain knowledge also includes other instruments such as flute and erhu. Tzu-Hsuan is currently pursuing her PGCE at the UCL Institute of Education.

She started piano since a young age and was awarded with distinction by the Trinity Guildhall Licentiate of Trinity College London in 2009. Her music career involved numerous public appearances, including a performance with Lang Lang at the Royal Festival Hall and two solo recitals in the most prestigious venues in Thailand (Thailand Culture Centre) and Taiwan (Taipei National Concert Hall).

While earning her Masters degree, Tzu-Hsuan found a passion in working with young, bright, and musically talented students. Her specialty knowledge and pedagogical skills has helped numerous pupils get accepted into the junior department of Royal College of Music in London and receive full music scholarships at various secondary schools.
